

## RSE.00420/00 /10 /20 /30 Videodistributor

Video distributor for active distribution of 2 video signals to 1- 7 outputs.  
Lossless transmission with adjustable gain.  
For analogue and digital AHD video signals.  
With integrated power supply for camera supply with galvanic isolation.

### Features:

- adjustable output signals
- 75 Ohm matching
- 1-7 outputs
- 2 inputs
- galvanic separation
- integrated camera supply
- suitable for analog high definition signals

### APPLICATIONS

4 Different Variants

#### • RSE.00420/00

24 VDC  
2x video signal IN (BNC)  
2x4x Video OUT (BNC)

#### • RSE.00420/10

12V DC  
2x video signal IN (BNC)  
2x4x Video OUT (BNC)

#### • RSE.00420/20

12 VDC  
2x video signal IN (4 pin mini DIN)  
2x4x Video OUT (BNC)

#### • RSE.00420/30

24 VDC  
2x video signal IN (4 pin mini DIN)  
2x4x Video OUT (BNC)
